

Stand-700 Universal Monitor Stand for 7" Monitors for 700, 705, 706 Series

Description

Universal Monitor Stand for Xenarc Technologies Rugged 7" Monitors 700, 705, 706 Series

Xenarc Technologies Corporation does everything possible for the convenience of its customers, so we developed a **Universal 7" monitor stand**. This **Universal 7" monitor stand** has many

advantages such as the ease of adjusting the **Universal 7" monitor stand** height, the ease of **rotating** your rugged monitor 360 Degrees which is a huge advantage when working in a variety of spheres.

Strength & durability is one more advantage of this **Universal 7" monitor stand**. It reliably fixes and locks the rugged 7" monitor in an acceptable and convenient position fit for the user and reduces the risk of accidental falling of the device.

When the rugged 7" **LCD monitor** is securely fastened in such a **tough and rugged Universal 7" monitor stand**, you can stop being afraid of jolts and strong vibrations, which makes this **Universal 7" monitor stand** truly universal even in areas with increased seismic activity. The **Universal 7" monitor stand** is suitable for displays with a diagonal touchscreen of 7", namely for models **700, 705, 706 Series**. If you are the owner of a rugged monitor display from the previously mentioned lines, then you can add to your workplace this truly excellent **Universal 7" monitor stand**.
