1500CSH 15" IP54 Water Resistant Touchscreen LCD Display Monitor with VGA & HDMI Inputs

Description

NOTE: This 15" Monitor is now special order only. For something readily available without MOQ, please take a look at the 12" 1200TS.

Xenarc Technologies' 1500CSH is a versatile, thin profile **15" touchscreen monitor** that will work in many different applications. This **15" touchscreen monitor** has VGA and HDMI Video inputs, and

interfaces with a USB. This **15" touchscreen** offers the convenience of a touchscreen with the readability and functionality of a larger 15" panel screen size. The 1500CSH boasts a **native resolution of 1024x768**, and has a **contrast ratio of 800:1**.

Use the convenient 15" touchscreen as your input device, control your mouse cursor or the mini on screen keyboard that comes with your operating system. This **15" touchscreen monitor** is perfect for Point Of Sale systems with the included stand and the IP54 rated water resistant front face. The stand can also be removed for use with any VESA mounts making it perfect for home automation purposes or any mounting situation. MTBF (Mean Time Between Failures): > 55,000 Hours or > 6.2 Years of continuous operation and comes with a 3 Year Warranty. Our 15" touchscreen displays are designed for applications such as but not limited to:

- **Transportation** - Marine, Air, Heavy Vehicles, Mining, Weigh Stations, Fleet Management, Telematics, In-Car Computing, Public Transit, Cargo
- **System Integration** - Machinery Controls, Factory Automation, Environmental Monitoring, Home Automation, Military, Smart Home
- **Point of Sale** - Hospitality, Digital Signage, Self-Service Kiosks, Outdoor Kiosks and Signage, Casino
